Second

Augnes Vijayakumar
95%
Third

The school, as every year strives towards excellence by increasing the number of students scoring distinction (75%) and first class (60%).

Our teachers went out of the way to train the students during the pandemic year conducting practicals, online examinations and written examination in the school.

The sincere cooperation of parents to assist the school in every way went a long way in obtaining such excellent results. We want to assure parents that the coming year will see many more initiatives to take the school to a higher level.

On behalf of the Management and Teachers, we congratulate all the students and their parents for the excellent performance.
